THE DON BAILEY COLLECTION OF MEXICO

Our good friend and colleague Don Bailey needs no introduction to anyone who has been involved with Mexican numismatics over the last four decades. In that regard, he is a legend and justifiably so for his many contributions to literally every aspect of the vast Mexican collecting specialty. From the very beginning, he has had a serious interest in the Maximilian period of Mexico's history, this being reflected in his first article on the subject in June 1967 wherein he explored this fascinating and complex era from both the Mexican and French viewpoints.

In that same year, he founded the Maximilian Numismatic and Historical Society. During the years that followed, he formed and sold two major collections of Maximilian Era coins, medals and historical artifacts.

With the lots that follow, we present his third collection, and considering his endless enthusiasm for the subject, we expect that a fourth will be along any day now! As the collection includes a number of rarities in the Orders & Medals section, it is our special pleasure to mention, that along with the well deserved awards from many numismatic organizations he has received during his long career, in November 2001 Don Bailey was awarded the Order of the Aztec Eagle by Mexico for his lifelong contributions to the study and promotion of Mexican Numismatics over the past 40 years. This is the highest award the Mexican Government can bestow upon a non-Mexican citizen and it was the first time it has been awarded for numismatic activities. Congratulations to Don! We look forward to his presence on the numismatic scene for many years to come.

WEDNESDAY, MAY 28th, APPROX. 10:00 AM
CROWNE PLAZA, DEL REY BALLROOM

- 2868 Mexico. Order of Guadeloupe. Grand Cross Breast Star by Rothe. Gilt silver & enamels, 95mm high x 86mm wide, pin-back. Werlich-914, Grove O-17 & 23. On reverse the affixed maker plate reads "Rothe Joyero De S.M. El Emp. De Austria Y Del Shah De Persia Viena Kohlmarkt N. 7"; also marked "C.F. Rothe" and "Wien" on the pin. There is old repair and overglaze on the cross arms and also the green oval circlet. In the center, the figure of Our Lady of Guadeloupe is gold without enamel and the upper right quarter of the gold wreath is lacking, otherwise Very Fine and Very Rare.

Named in honor of Our Lady of Guadeloupe, the Patron Saint of Mexico, the Order of Guadeloupe was originally established by Emperor Augustin Iturbide in 1822, with slightly differing design details, this first version becoming obsolete upon the fall of his empire in early 1823. Santa Ana re-established the order in 1853 but it once again became defunct with the fall of his government in 1855. It was re-established for the final time on July 1, 1863 by Emperor Maximilian I, as an award to both Mexicans and foreigners for military merit, a civil division being added in 1865. Insignia exist in five classes and a collar. Though only lasting for about four years, its third incarnation was the longest in the order's history. The order fell into its final obsolescence with the execution of Emperor Maximilian I by firing squad on June 19, 1867. In addition to the important historical aspects, the insignia of the order are considered to be among the most beautiful of all the world's orders and are in constant demand by many who are attracted to this numismatic specialty. The various classes are scarce to very rare, the Grand Cross grade being limited to no more than 30 active members at any one time.

Estimated Value \$2,000 - 2,500

Don Bailey Collection.

An exceptional specimen of high quality manufacture with a superbly modeled crowned eagle suspension. A few tiny enamel chips are mentioned for accuracy, but do not seriously detract from the great beauty of this very handsome specimen. Choice Extremely Fine and very rare this nice.

Estimated Value \$2,750 - 3,250

Don Bailey Collection.

- 2870 Mexico. Order of Guadeloupe. Officer Badge in Gold. Civil Division, gold and enamels, 62mm x 37mm. Design as Werlich-913 and Grove O-26. Very Rare in gold and especially this nice.

Estimated Value \$2,250 - 2,750

Don Bailey Collection.

- 2871 Mexico. Order of Guadeloupe. Knight Breast Badge. Civil Division, gilt silver and enamels. Design as Werlich-913, Grove O-26. Excellent hand painting of the center oval. Attachment loop on reverse with maker name "Superieur France". Choice nearly Mint State and very rare. 2) Undated pinback medallion in silver colored metal, 50.5mm, likely made in 1963 for the 100th anniversary of the famous French Foreign Legion Battle of Camerone on April 30, 1863, when 65 French Legionnaires under the command of Captain Danjou, charged with the protection of French convoys, held off an attacking Mexican force of cavalry and infantry numbering 2000 men. The Legionnaires fought for 11 hours, until only three were left standing, most having been killed, with some others alive but seriously wounded. As these three stood back to back, totally surrounded and about to be slain by bayonet wielding Mexican soldiers, a Mexican officer, Col. Cambas asked for their surrender. The three agreed if they could care for their wounded and keep their weapons. Cambas replied "One refuses nothing to such men as you." Estimates of the Mexican dead were 300 to 400, and the battle has become legendary and among the most important and evocative in all of Legionnary and French military history. Choice lightly toned EF-AU and the first we have seen. Total of 2 pcs.

Estimated Value \$400 - 500

Don Bailey Collection.

- 2890 Mexico. Northern Frontier Defense Medal. Bronze, 25.3mm. Grove D-141b, wherein that author calls this a trial strike.
